

NEAR

[part XXV of the ongoing TASK series]

Ryan Carraher (2022)

- For a group of people who find themselves in a new city (e.g., a conference or a music festival)
- Instructions:
 - On the first day of the gathering, distribute whistles to all participants.
 - Participants would wear the whistle around their neck for the duration of the gathering.
 - As you explore the city, alone or in different group configurations, you can choose to blow your whistle.
 - Anytime a participant hears another whistle blowing (even if it's off in the distance), they must respond by blowing their whistle for the same duration.
 - At any given moment, how isolated are you?
